APPENDIX A: IFHP PHPS BASIC COVERAGE

If the claim includes a written diagnosis or diagnostic code(s) listed in Appendix A, IFHP will pay for the initial clinic/hospital visits, diagnostic investigations (imaging, laboratory, etc.) required to confirm or rule out a disease posing a risk to public health or a condition of public safety concern. Once it is determined that the disease / condition is not a disease posing a risk to public health or a condition of public safety concern, services cannot be claimed for reimbursement.
